### TABLE TOPIC MASTER

In Gavel clubs, a specific set of people are assigned certain roles at a particular session. They get the opportunity to speak in front of the meeting. But what about the others, who have not been assigned a role? The Table Topics session comes to the rescue. The Table Topics Master shall call upon non-role players. Introduce stimulating, realistic and useful topics that Gaveliers can easily speak about. Avoid lengthy topics. If possible, give topics as per the theme of the day. Read out the topic, repeat it and then call a speaker. That way the listening skills of the members will improve.
